

Since 2006 the Cancer Caring Centre has been a personal sanctuary for more than 800 patients, enabling Family Island residents to undergo what is very often life-saving treatment in Nassau.

The need to expand and to add services for Nassau patients is urgent. When life and death are hanging in the balance, no one wants to hear the words that they must await space.

*Please help us help those who deserve your kindness. Your donation could save a life.*

### CANCER CARING CENTRE Building Fund

Yes, I want to support the much-needed expansion of the Cancer Caring Centre, enabling more people to receive treatment and introducing hospice care. Please count me in as a contributor.
