THE BAHAMAS

Dear Partner,

The Cancer Society of The Bahamas is excited to announce its 22nd Annual Cancer Ball, scheduled for Saturday, May 25, 2024, at the Imperial Ballroom, Atlantis Paradise Island. As the cornerstone of our fundraising efforts, the Cancer Ball plays a vital role in supporting those affected by cancer in The Bahamas.

This year, we are thrilled to infuse the event with the vibrant spirit of Africa, celebrating "The Essence of Africa" throughout the evening. Drawing inspiration from the continent's rich culture, diversity, and resilience, we aim to create an unforgettable experience while underscoring the importance of unity in the fight against cancer.

An integral part of the evening is the recognition of our esteemed Honorees. In 2024, we are proud to present the **Susan Andrews Award** to **Dr. Corinne Sin-Quee-Brown** and the **Lifetime Achievement Award** to **Bahamas First**. Additionally, we are introducing the prestigious "**Golden Legacy Award**," with the **Andrews' Family** as its inaugural recipient. As always, we will also spotlight some of our nation's remarkable cancer survivors.

We sincerely appreciate your partnership and eagerly anticipate sharing this special evening with you. For further information, please feel free to reach out to our Co-Chairs or The Cancer Society of the Bahamas at 242-323-4482.

With Thanks,

Beverley Laramore

The Cause

Discover how your support at the Cancer Ball directly impacts cancer care, from funding our Caring Center to expanding vital programs nationwide.

- **Financial Support and Expansion:** Your generous contributions are crucial in reaching our target goal of \$300,000, exceeding last year's \$206,000, to address the growing needs of cancer patients. Additionally, your support fuels our expansion project, enabling us to reach more individuals affected by cancer and enhance our services.
- **Cancer Caring Center:** These funds significantly contribute to the operation of the Cancer Caring Center, which requires \$250 per day per patient to provide vital care and support.
- **Awareness Programs:** Funds from the event go towards organizing impactful awareness programs, educating communities about cancer prevention, early detection, and treatment options.
- **Free Screening Clinics:** We are able to host free screening clinics across the nation, ensuring that everyone has access to early detection services, regardless of their financial situation.
- **Financial Assistance Programs:** Your contributions enable us to provide financial assistance to cancer patients, easing the burden of treatment costs and ensuring they receive the care they need.

We implore you and your Company to generously support this event, as your partnership plays a crucial role in making a difference in the lives of those affected by cancer.
